- Washington County, 1 adult (18-40 years), 5 middle-age adults (41-60 years), 2 older adults (61-80 years), 1 elderly adult (81+)

A status report of monitoring and testing of COVID19 in Iowa is provided by IDPH and can be found [here](#). In addition, a public hotline has been established for Iowans with questions about COVID-19. The line is available 24/7 by calling 2-1-1 or 1-800-244-7431. The state of Iowa has started sharing the number of negative tests conducted at outside labs, and is providing additional information on the conditions of those infected with COVID-19.

Note: Upon further case investigation, a positive case identified as a Washington County resident was determined to be a resident of Keokuk County. Maps at the IDPH webpage and coronavirus.iowa.gov will be updated to reflect the new information.

Gov. Reynolds will hold a press conference today at 2:30 p.m. The press conference will be livestreamed and posted in full on [Governor Reynolds' Facebook Page](#).
