- Washington County, 2 middle-age adults (41-60 years)

According to IDPH, 674 Iowans have recovered. A full status report of monitoring and testing of COVID19 in Iowa is provided by IDPH and can be found [here](#). The state of Iowa has started sharing the number of negative tests conducted at outside labs, and is continuing to provide additional information on the conditions of those infected with COVID-19. A public hotline has also been established for Iowans with questions about COVID-19. The line is available 24/7 by calling 2-1-1 or 1-800-244-7431.
