According to IDPH, 741 Iowans have recovered. A full status report of monitoring and testing of COVID19 in Iowa is provided by IDPH and can be found [here](#). The state of Iowa has started sharing the number of negative tests conducted at outside labs, and is continuing to provide additional information on the conditions of those infected with COVID-19. A public hotline has also been established for Iowans with questions about COVID-19. The line is available 24/7 by calling 2-1-1 or 1-800-244-7431.

NOTE: 1 middle-aged adult previously identified to live in Dallas County has been reassigned to Polk County. 1 adult (18-40 years) and 1 elderly adult (81+) were previously identified as Warren County residents, but they also live in Polk County. The map has been updated accordingly.
